Just follow these instructions to install your free muveeStyles on your Nokia 7610 phone:

#### For Nokia PC Suite

If you have Nokia PC Suite installed, connect your Nokia 7610 phone to your PC.  
Double-click on the downloaded *sis* file.  
Your muveeStyles will be installed automatically.

#### Via Bluetooth to Nokia 7610

If your PC is Bluetooth-enabled, send your downloaded *sis* file via Bluetooth to your Nokia 7610. Remember to set your Nokia 7610 to broadcast your Bluetooth presence.

Once the file is received in the Inbox of your phone, open up the Inbox message to automatically install your new muveeStyles.

#### Via MMC to Nokia 7610

Remove the MMC (multimedia card) from your Nokia 7610. Use a card reader to copy the muveeStyle installation file to the root folder of your MMC.

Place the MMC back into your phone and switch your phone on.

Go to File Manager and navigate to the root folder of the MMC.

Select the muveeStyle installation file to start the installation process.
